OUR PROJECTS 19

ABOUT US

The Economic Enterprise, the founding body of the Turkish Chess Federation, known by its short name TSF Market, began operations in 2017 with the aim of establishing standards for products used in chess education and tournaments, and contributing to the application areas and development of the chess sport through its corporate projects.

Our Vision

Within the framework of legal regulations, and in line with our federation's objectives, to carry out the sale of chess products at reasonable prices and to facilitate their accessibility,

To contribute to the development of chess in our country through completed and ongoing projects.

Our Mission

- To perform quality control of all materials used in chess sports, to ensure they are produced from health-safe materials and continuity, and to carry out sales without profit motive,
- To produce chess materials in accordance with nationally and internationally defined rules,
- To serve as the sector representative in Türkiye and in exports,
- To collaborate with individuals, institutions, and organizations related to chess sports,
- To carry out work and activities to ensure chess sports reaches the entire country.

OUR PROJECTS

‘LET’S MEET AT THE RIGHT MOVE’ PROJECT

It is a project carried out jointly with Municipalities and Provincial National Education Directorates under the slogan ‘Let’s Meet at the Right Move’ by the Turkish Chess Federation, to spread chess throughout the country, reach more children with chess sports, and extend it to the grassroots.

The project covers the distribution of chess sets and educational books to 1st grade primary school students, providing training to teachers, and offering free training online to those who wish. The project, which has been implemented in many provinces and districts since 2013, has reached hundreds of thousands of students and the benefit provided is multiplying.

OUR PROJECTS

COLLABORATION AND SUPPLY **IN SPECIAL PROJECTS**

As the Turkish Chess Federation Economic Enterprise, we are by your side with product supply in chess projects and organizations for the needs of all private and public institutions!

Chess sets, chess clocks, tournament awards and similar materials required for chess tournaments to be organized can be customized with your institution's logo. If needed, institution brochures can be added to project products.

All materials planned to be used as promotional products can be produced with logos and different visuals added upon request.

OUR PROJECTS

All necessary materials such as training boards and books for training classes and programs prepared according to the different requests and needs of institutions can be sourced through www.tsfmarket.com.

The Turkish Chess Federation Economic Enterprise aims to develop new projects to raise future generations with analytical thinking. For collaboration regarding product supply in social responsibility, PR and marketing communication-targeted projects designed according to the values and expectations of institutions and NGOs, you can submit your requests via the TSF Market contact page.
